INNOVATION and DESIGN THINKING			
Course Code	BIDTK158/258	CIE Marks	50
Teaching Hours/Week (L: T:P: S)	1:0:0	SEE Marks	50
Total Hours of Pedagogy	15	Total Marks	100
Credits	01	Exam Hours	01
<p>Course Category: Foundation</p> <p>Preamble: This course provides an introduction to the basic concepts and techniques of engineering and reverses engineering, the process of design, analytical thinking and ideas, basics and development of engineering drawing, application of engineering drawing with computer aide.</p> <p>Course objectives:</p> <ul style="list-style-type: none"> To explain the concept of design thinking for product and service development To explain the fundamental concept of innovation and design thinking To discuss the methods of implementing design thinking in the real world. 			
<p>Teaching-Learning Process (General Instructions)</p> <p>These are sample Strategies; which teachers can use to accelerate the attainment of the various course outcomes.</p> <ol style="list-style-type: none"> Lecturer method (L) does not mean only the traditional lecture method, but a different type of teaching method may be adopted to develop the outcomes. Show Video/animation films to explain concepts Encourage collaborative (Group Learning) Learning in the class Ask at least three HOTS (Higher-order Thinking) questions in the class, which promotes critical thinking Adopt Problem Based Learning (PBL), which fosters students' Analytical skills, develops thinking skills such as the ability to evaluate, generalize, and analyze information rather than simply recall it Topics will be introduced in multiple representations. Show the different ways to solve the same problem and encourage the students to come up with their own creative ways to solve them. Discuss how every concept can be applied to the real world - and when that's possible, it helps improve the students' understanding. 			
Module-1			
PROCESS OF DESIGN			
Understanding Design thinking			
Shared model in team-based design - Theory and practice in Design thinking - Explore presentation signers across globe - MVP or Prototyping			
Teaching-Learning Process	Introduction about the design thinking: Chalk and Talk method Theory and practice through presentation MVP and Prototyping through live examples and videos		
Module-2			
Tools for Design Thinking			
Real-Time design interaction capture and analysis - Enabling efficient collaboration in digital space - Empathy for design - Collaboration in distributed Design			
Teaching-Learning	Case studies on design thinking for real-time interaction and analysis

Process	Simulation exercises for collaborated enabled design thinking Live examples on the success of collaborated design thinking	
Module-3		
Design Thinking in IT Design Thinking to Business Process modelling – Agile in Virtual collaboration environment – Scenario based Prototyping		
Teaching-Learning Process	Case studies on design thinking and business acceptance of the design Simulation on the role of virtual eco-system for collaborated prototyping	
Module-4		
DT For strategic innovations Growth – Story telling representation – Strategic Foresight - Change – Sense Making - Maintenance Relevance – Value redefinition - Extreme Competition – experience design - Standardization – Humanization - Creative Culture – Rapid prototyping, Strategy and Organization – Business Model design.		
Teaching-Learning Process	Business model examples of successful designs Presentation by the students on the success of design Live project on design thinking in a group of 4 students	
Module-5		
Design thinking workshop Design Thinking Work shop Empathize, Design, Ideate, Prototype and Test		
Teaching-Learning Process	8 hours design thinking workshop from the expert and then presentation by the students on the learning from the workshop	
Course Outcomes: Upon the successful completion of the course, students will be able to:		
CO Nos.	Course Outcomes	Knowledge Level (Based on revised Bloom's Taxonomy)
CO1	Appreciate various design process procedure	K2
CO2	Generate and develop design ideas through different technique	K2
CO3	Identify the significance of reverse Engineering to Understand products	K2
CO4	Draw technical drawing for design ideas	K3

Assessment Details (both CIE and SEE)

The weightage of Continuous Internal Evaluation (CIE) is 50% and for Semester End Exam (SEE) is 50%. The minimum passing mark for the CIE is 40% of the maximum marks (20 marks out of 50). The minimum passing mark for the SEE is 35% of the maximum marks (18 marks out of 50). A student shall be deemed to have satisfied the academic requirements and earned the credits allotted to each subject/ course if the student secures not less than 35% (18 Marks out of 50) in the semester-end examination(SEE), and a minimum of 40% (40 marks out of 100) in the sum total of the CIE (Continuous Internal Evaluation) and SEE (Semester End Examination) taken together.

Continuous Internal Evaluation (CIE):

- Two Tests (preferably in MCQ pattern) each of **30 Marks**; The first test after the completion of the 40 -50% syllabus of the course. A second test after the completion of 90-100% of the syllabus of the course.
- Two Assignments/two quizzes/two seminars/one field survey and report presentation/one-course project totaling **40 marks**

Total Marks scored (test + assignments) out of 100 shall be scaled down to **50 marks**

At the beginning of the semester, the instructor/faculty teaching the course has to announce the methods of CIE for the course.

The Teachers shall choose the types of assignments depending on the requirement of the course and plan to attain the Cos and POs. (to have a less stressed CIE, the portion of the syllabus should not be common /repeated for any of the methods of the CIE. Each method of CIE should have a different syllabus portion of the course). CIE methods /test question paper is designed to attain the different levels of Bloom's taxonomy as per the outcome defined for the course.

Semester-End Examination:

Theory SEE will be conducted by University as per the scheduled timetable, with common question papers for subject

SEE paper will be set for 50 questions of each of 01 marks. The pattern of the question paper is MCQ. The time allotted for SEE is **01 hour**

Objective (100 words)	To have an exposure to the incubation center, to understand the importance of it in the process of Business Development Model.
Benefits interns of learning/Skill/Knowledge obtained (150 words)	Prerequisite for the students to qualify as a participant of the incubation center, importance of self-learning, qualities to be developed for better placements. The incubation center visit created an awareness among the students about how competitive the world is and how they should proceed with the innovative ideas. The speaker gave them different ongoing course plans on coding and programming and AI applications using Python.
Description	The event was conducted as part of field visit to incubation unit under IIC-5.0. The students visited Samsung Innovation cell, DBIT, Bangalore. The innovation term is not a simple word rather has a meaning of thousands of thoughts as exchange of ideas, opinions, fly with different colors.

Expenditure (if any)	Rs. 10,000/-
Objective (100 words)	The main objective of the program was to identify the importance of to foster a culture of innovation and entrepreneurship To empower participants to develop innovative solutions and create sustainable businesses. To assist the learning process based on the modern trends required by the industry and the market. To create a high-spirited mentor network for ennoble the capabilities of young minds. To establish a national network of AICTE- IDEA Labs promoting new-age learning.
Benefits in terms of learning/Skill/Knowledge obtained (150 words)	The IDEA lab aims at developing critical thinking & complex problem solving abilities among the students of the institute. The lab will also provide support to schools, polytechnic colleges and engineering colleges in the vicinity. IDEA Lab network encourages and fosters students' entrepreneurial intent and support open innovation approach. Specific objectives are: To revise and adapt curricula to include entrepreneurial skills and problem-based learning.
Description	One Day visit was Organised on "Innovation & Entrepreneurship Outreach Program in Schools/Community" at AICTE-IDEA lab, Muddenahalli. The process of communicating with communities and community members. Outreach can be done for promotion, education, research, information, connection, or services. The goal of outreach is to get community members more involved in great ideas make great research and provide the researcher with the shapes for growing the idea in an organized fashion. Successful research ideas are interesting, important, researchable, and doable.

Description	<p>Objectives and about Incubation Center</p> <p>The Startup India is observed every year on January 01st. The day is observed every year to pay contributions with initiative from Government and Supports from Government of India, intended to catalyse Startup culture and erect a strong and inclusive ecosystem for innovation and entrepreneurship in India.</p> <p>Atal Incubation Center – Jyothy Institute of Technology Foundation (AIC-JITF) is an incubation centre supported by AIM, NITI Aayog, Govt of India. It marks a new era in the field of scientific entrepreneurship enabling aspiring individuals, students and faculties to incubate and to build their start-up Ventures. AIC-JITF is housed in Jyothy Institute of Technology which also has a state of art R&D center – CIIRC.</p> <p>AIC-JITF leverages all the resources that are available within the campus such as access to laboratories, workshops, development, testing centre, computing resources, internet library and above all highly experienced and knowledgeable human resource.</p>

They foster knowledge sharing, inspire collaboration, and promote awareness of the potential benefits and implications of IoT in fields such as healthcare, agriculture, transportation, and more. Ultimately, these exhibitions aim to educate, engage, and inspire attendees while highlighting the transformative power of IoT in our interconnected world.</p>
<p>Benefits in terms of learning/Skill/Knowledge obtained (150 words)</p>	<p>Participants got to learn about</p> <ol style="list-style-type: none"> 1. Exposure to Emerging Technologies: Participants stay updated on the latest IoT trends, components and platforms keeping their knowledge relevant in a rapidly evolving field. 2. Presentation Skills: Exhibitors improve their ability to communicate complex technical concepts to diverse audiences, enhancing their presentation and public speaking skills. 3. Awareness of real-world Applications: Exhibitors gain insights into how IoT can address real-world problems, making the knowledge obtained more practical and applicable.
<p>Description</p>	<p>Implementing an IoT (Internet of Things) project involves a systematic process of turning a concept into a functional IoT system or solution. Here's a step-by-step description of the IoT project implementation process:</p> <ul style="list-style-type: none"> • Define Objectives and Requirements: Clearly define the project's goals, objectives, and requirements. • Select Hardware and Sensors: Choose appropriate hardware components and sensors based on the project's requirements. This may include microcontrollers (e.g., Arduino, Raspberry Pi), sensors (e.g., temperature, humidity etc), and communication modules (e.g., Wi-Fi, Bluetooth, LoRa). • Design the System Architecture: Create a detailed system architecture that outlines how data will be collected, processed, transmitted, and acted upon. Decide on the communication protocols and data storage solutions to be used and so on. <p>IoT project implementation can vary greatly in complexity depending on the project's scope and objectives, but a well-structured approach is essential to ensure success and reliability in the IoT ecosystem.</p>

On account of world International mother Tongue day we, at Vivekananda Institute of Technology, Bangalore celebrated 'Matrubhasha Diwas' on 24th of February in college campus. The celebration was focused on the significance of kannada language, our Matrubhasha. The mother tongue was compared with mother narrating the Tenali Rama story of recognizing the Mother Tongue of the wise man.

This event was celebrated by organizing the various activities like displaying books, group songs, playing movies in Mother Tongue. The various events were presented by students portraying the significance and greatness of Kannada our Matrubhasha. They expressed the pride of Matrubhasha through skit, group song, speech and playing movies in kannada.

Dear Sir/madam,

Greetings of the day!

Thank you for the patience, coordination and support.

As on the subject cited above, it is informed that the release of reimbursements to institutions have been made as per the guidelines of the Impact Lecture Series scheme, IIC calendar year 2021-22.

You are requested to check the reimbursement amount credited to your institute's account details provided in the application. Sanction letter (hard copy) of the same will be sent to your institute address shortly and soon, a soft copy of it also available for download in the IIC portal.

For any query related to above, please revert to us in this email and can reach to your zonal in-charge.

Thank you,

Institution's Innovation Council

**Scheme Name: Impact Lecture Series 2022-23,
Institution's Innovation Council 4.0
Implementing Agency - MoE's Innovation Cell (MIC), AICTE**

I. Introduction:

- Institution's Innovation Council established at HEI helps in planning, channelizing and organising round the year activities in the areas of innovation, entrepreneurship and IPR to sensitise and motivate students and faculties to pursue innovation and start-up during their academic.
- The Impact Lecture Series scheme provides financial assistance to the institutions that are part of the network of Institutions' Innovation Council (IIC) of MoE's Innovation Cell for organizing impact lecture sessions by inviting external experts on innovation, IPR and start up. These sessions intend to generate awareness and skill on I&E & IPR among students and faculties of IIC Institutes spread across the country.

II. Objective

- Conduct of impact lecture sessions in HEIs are one of the approach under the IIC program to support IIC institutions to generate awareness on innovation, IPR and start up in such institutions with funding assistance from MIC & AICTE.
- The impact lecture sessions in selected IIC institutions will not only help in streamlining the innovation and start-up ecosystem in campuses but also in establishing strong connection with ecosystem enablers from regional and national level, and generate awareness among students and faculty members about innovation and entrepreneurship.
- Under the Impact lecture series scheme, each selected IIC institution is required to organise up to two Impact Lecture Sessions in the field of innovation, IPR, and start up by inviting successful innovators, patent expert and entrepreneurs and resource persons from innovation and start-up ecosystem. For this it will receive financial support (Reimbursement mode) from MIC/AICTE.

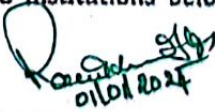

III. Eligibility

Institute should have established an Institution's Innovation Council as per the norms of Innovation Cell, Ministry of Education, Govt. of India. The followings are basic eligibility criteria for an IIC Institution to apply.

- Existing IIC Institutes should have registered in IIC4.0 and those have secured 3 star or less in IIC3.0 annual performance (2020-21)
- (or) Newly joined IIC institutions in IIC4.0 calendar year (2021-22) are also eligible to apply.
- IIC institutions should have updated details for the 'My council' section as part of the IIC4.0

IV. Guidelines for Selection of Institutions

- Submitted applications will be screened based on the provided eligibility criteria given at point III and additional criteria will set by the evaluation committee.
- Preference will be given to the IIC institutions belongs to Aspirational Districts (Annex-I).

01/01/2024
VIT-VENKATADRI INSTITUTE OF TECHNOLOGY
Bangalore - 560 074

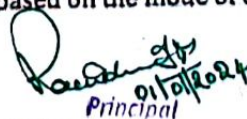

- Preference will be given to the IIC Institutions from States & UTs of Himalayan Region including J&K, Ladakh and North Eastern region (Annex-II).

V. Application Submission and Processing Methodology

- Online submission of applications will be taken through the IIC portal only at <https://iic.mic.gov.in/login>
- Scrutiny and evaluation of applications will be carried out by an expert committee setup by the MoE's Innovation Cell/AICTE.
- Based on the recommendations received of the Evaluation Committee and availability of the fund as per approved budget for the scheme, final list of IIC institutions will be prepared.
- Upon approval from competent authority, sanction letters will be issued to selected IIC institutions.
- Grant amount to be released to IIC institutions in reimbursement mode upon receiving of expenses details.

VI. Guide line for conducting of impact lecture sessions and general conditions

- The impact session themes and lecture topics should be on innovation, entrepreneurship and IPR. And impact lectures should be delivered by external experts by inviting successful innovators, patent expert and entrepreneurs and resource persons from innovation and start-up ecosystem at the state/region/national level.
- IIC Institute is required to mention the impact session/lecture and experts' details during the time of application submission in the portal. A selected IIC institution is required to organise up to TWO impact lecture sessions as part of the scheme.
- Each Impact session should comprise two impact lectures to be delivered by two different experts on two different topics of minimum 1.5 hours' duration each and should be conducted on the same day of the session date.
- If IIC institution is organise two impact sessions, then there should be a minimum time gap of 10 days between two impact sessions.
- Impact sessions and lectures can be conducted either in online mode (or) offline mode.
- Impact sessions should be conducted after the announcement of results (or) notification issued in this regard to selected IIC institutions.
- IIC institute should get maximum participation by ensuring in-house participation of both students and faculty members and also inviting outside participants from other IIC institutions, Atal Tinkering Labs, Schools etc.
- IIC-Institutes are advised to carryout e-assessment and e-feedback (either by using google form or any other suitable medium) followed by the session to assess the understanding level of the participants.
- IIC Institute may issue e-certificates to the participants attending the session and have submitted e-assessment successfully. For this purpose, IIC-institute may use the MIC, AICTE and IIC logo in the certificate with IIC president as one of the signatory.
- Expenditure for the Impact session should be in accordance with the budget breakup given in the point VII based on the mode of conduct.

About MSME

Micro, Small and Medium Enterprises (MSME) sector has emerged as a highly vibrant and dynamic sector of the Indian economy over the last six decades. MSMEs not only play crucial role in providing large employment opportunities at comparatively lower capital cost than large industries but also help in industrialization of rural & backward areas, thereby, reducing regional imbalances, assuring more equitable distribution of national income and wealth. Ministry of Micro, Small & Medium Enterprises (M/o MSME) envision a vibrant MSME sector by promoting growth and development of the MSME Sector. Office of the Development Commissioner (Micro, Small & Medium Enterprises) provides a wide range of services & schemes for the promotion and development of MSME sector through 30 Micro, Small and Medium Enterprises-Development Institutes along with 28 Branch MSME located across the country. MSME-Development Institute, Bangalore was set up during 1956-57. This Institute assists MSMEs financially through the schemes and improve their technical skills through skill upgradation / training programmes. This institute also focuses on creating young entrepreneurs through various Industrial motivation & Entrepreneurship development programmes.
