Report on Spreading Public Awareness about Covid-19

Date: 13/06/2022

Program: Spreading Public Awareness about Covid-19

Venue: K Gollahalli

Person In-Charge: Mr. Mohan Babu V

No. of students participated: 138

Description:

1. COVID-19, which was initiated regionally at Wuhan of China, has become a global pandemic by infecting people of almost all the world.
2. The risks of getting COVID-19 are higher in crowded and inadequately ventilated spaces where Infected people spend long periods of time together in close proximity. Outbreaks have been Reported in places where people have gathered, often in crowded indoor settings and where they Talk loudly, shout, breathe heavily or sing such as restaurants, choir practices, fitness classes, Nightclubs, offices and places of worship.
3. As the rural people do not have much knowledge about Covid, so we have given the basic Information about the virus and not to get feared about it instead fight against the Covid.
4. We have provided them the mask, hand sanitizers and basic kits to fight Covid so that they can use Them properly and stay safe. We have given all the instructions that are provided by WHO for not Spreading the virus.
5. By this AICTE Activity we feel happy to help the public by saving their lives and avoiding the spread of Covid.

REPORT ON COVID VACCINATION AWARENESS

Date: 13/07/22

Program: COVID VACCINATION AWARENESS

Venue: K Gollahalli

Person In-Charge: Mr. Mohan Babu V

No. of students participated: 152

Description:

1. The Covid-19 vaccines are the most potent weapon in our armoury in the fight against the pandemic and this can be won successfully by combined efforts of Governments and citizens. Lack of clinical trials for the vaccine, fear of vaccine side effects, and rumours of the presence of active viruses in vaccines are some leading obstacles that obstruct the success of the covid-19 vaccine campaign. The major challenge with vaccination has been the "Vaccine Hesitancy" and this can be solved only by way of spreading awareness about the vaccines.
2. We decided to conduct this drive in a seemingly rural area called K Gollahalli which is a few kilometres away from the college. Around 80-100 students had shown up and were divided into teams. Then, each team visited every house in the village to provide accurate scientific information about the vaccine and explain the villagers that why it is important in the fight against the pandemic and also we informed them that the vaccination drive is conducted in our own college and invited the people around to get vaccinated.
3. Cleanliness is also important is for preventing covid pandemic and we surveyed the place and picked the spots that had the most garbage and waste that were dumped. By following safety precautions and covid appropriate behaviour, we started to tidy the place and dispose all the waste items scattered around into large plastic bags which were later disposed off.

Report on to Skill Rural Population

Date: 14/09/2022

Program: To Skill Rural Population

Venue: Government Primary School Gollahalli

Person In-Charge: Mr. Mohan Babu

No. of students participated: 173

Description:

1. The AICTE Activity Points project aimed to apply engineering skills to address social issues in India, focusing on "To skill rural population" to educate parents in nearby rural areas and empower them to teach valuable skills to their children.
2. After obtaining permission from a local school principal near Gollahalli, our team engaged with 40-60 students, conducting various educational activities to create awareness about ongoing issues, ensuring strict adherence to safety precautions and covid-appropriate behaviour.
3. Following the successful teaching sessions, we organized activities to help students discover their passions. The initiative resulted in a sense of pride and accomplishment, emphasizing the importance of responsibly contributing to society through knowledge-sharing. Additionally, we prioritized cleanliness by tidying the area and responsibly disposing of waste, reinforcing the holistic impact of the project.

Title	Report on Cleaning Program at Govt. School, K. Golahalli
Date	17 th December 2022
Faculty coordinator	Mr. Lokesh K T
No. of students participated	115
About the Event	NSS volunteers demonstrated commendable commitment in their cleaning initiative at the government school campus. Early morning, equipped with gloves and cleaning materials, they systematically collected litter from various sections, emphasizing a thorough approach. Volunteers sorted and segregated waste, promoting environmental responsibility by categorizing recyclable and non-recyclable items. The cleaning effort extended to sweeping, mopping, and dusting, ensuring a spick-and-span environment.

Date: 14/02/23

Program: Technical Education at Anganavadi

Venue: Kenchanapalya

Person In-Charge: Dr. Mohan Babu V

No. of students participated: 178

Description:

NSS students from Vivekananda Institute of Technology organized an impactful event at Anganavadi Kenchanapalya to raise awareness of technical education. Through engaging sessions and hands-on workshops, the initiative aimed to bridge the gap in technical knowledge within the community.

The event's focus on active participation sought to leave a lasting impression on local residents, fostering a culture of continuous learning. Beyond technical knowledge, the initiative aimed at contributing to individual development and overall community growth. In addition to addressing educational gaps, the NSS initiative at Anganavadi Kenchanapalya underscores the potential of educational efforts in creating positive societal impacts, promoting a sense of community development.

Report on Planting of Saplings at Various Locations Around the College Campus

Title	Report on Planting of Saplings at Various Locations Around the College Campus
Date	27 th March 2023
Faculty coordinator	Mr. Mohan Babu V
No. of students participated	97
About the Event	The NSS volunteers of VKIT undertook a commendable initiative by planting saplings at various locations around the college campus. Their dedicated efforts contributed to the enhancement of the college's greenery and environmental sustainability. With a focus on fostering a sense of environmental responsibility, the volunteers demonstrated a collective commitment to nurturing a greener and healthier ecosystem within the college premises. This initiative aligns with the broader goals of community service and environmental consciousness upheld by the NSS at VKIT.

Date: 02/05/2023

Program: Swachh Bharath Abhiyan

Venue: College Surroundings

Person In-Charge: Dr. Mohan Babu

No. of students participated: 100

Description:

1. Swachh Bharat Mission (SBM), Swachh Bharat Abhiyan, or Clean India Mission is a country-wide campaign initiated by the Government of India in 2014 to eliminate open defecation and improve solid waste management.
2. This was a drive organized by the students of VKIT to contribute to keeping our surroundings clean. We had to target our surroundings and do our bit to clean up a few garbage disposed areas.
3. We decided to conduct this drive near our college. We split into groups and cleaned every part of our college. We also cleaned the surrounding areas of our college that had the most garbage and waste that was dumped. Around 80-100 students showed up and did the activity in groups.

REPORT ON COVID SECOND DOSE

Date: 18/06/2021

Program: COVID 2nd dose

Venue: VKIT Campus

Person In-Charge: Mohan Babu V

No. of students participated:36

Description:

The NSS unit of the Vivekananda Institute of Technology conducted a second immunization drive in response to the first one's success. The fundamental purpose was to guarantee that every member of the college community had received all recommended vaccinations, which would contribute to the larger goal of public health. To this end, tight coordination was maintained with local health authorities and vaccine distribution centres in order to assure an adequate supply of second doses. Students were educated about the significance of finishing the vaccine series and the planned date for the second dosage drive using a focused communication strategy. The volunteers concentrated on reducing recipient wait times, guaranteeing prompt verification, and streamlining the registration procedure. NSS implemented tactics for crowd management, such as time slots and increased vaccination zones, in anticipation of a bigger turnout.

Date: 12/07/2021

Venue: Creating awareness among children about health and hygiene in Ashram

Person In-Charge: Mohan Babu V

No. of students participated: 25

Description:

The AICTE Activity Points project aims to raise children's awareness of health and cleanliness in Ashram. The initiative "Creating Awareness among Children about the Health and Hygiene" highlights potential avenues for using creative thinking to promote cleanliness. Partners: The Sneha Jyothi Charitable Trust. We made the decision to carry out this activity in an Ashram that is close to Kumbalagodu, home to roughly fifty kids. To get there, we departed early in the morning. Everyone was eager to engage with the ashram's young residents. About twenty to twenty-five students made this trip.

Date: 10/01/2022

Program: PLANTATION OF SAPLINGS

Venue: VKIT SURROUNDINGS

No. of students participated: 116

Description:

- Reducing Climate Change. if people are good at something, then it is building up excess carbon dioxide in the atmosphere.
- Harmful CO2 contributes to climate change, the biggest current problem the world has to deal with. Trees, however, help fight it.
- Purifying Air Have you ever felt that feeling of cleaner air in the woods or by the seaside. Well, you were right because it is well known that trees do purify the air.
- They absorb pollutant gases such as nitrogen oxides, ozone, ammonia, sulphur dioxide. Trees also absorb odours and act as a filter as little particulates get trapped in leaves.
- Cooling Down the Streets Every year we listen to the shocking global warming news. For instance, the average temperature in Los Angeles has risen by 6F in 50 years, and the average global temperature grew by 1.4 F.

REPORT ON COVID – FIRST DOSE

Date: 12/03/2021

Program: COVID – 1st dose

Venue: VKIT Campus

Person In-Charge: Mohan Babu V

No. of students participated: 136

Description:

The NSS unit of Vivekananda institute of technology organized a successful COVID-19 vaccination drive. The primary objective was to contribute to the community's health and well-being by facilitating the vaccination process among the college population.

NSS collaborated with local health authorities and vaccine distribution centres to ensure a smooth vaccination process. Extensive awareness campaigns were conducted through posters, social media, and announcements to inform students about the importance of vaccination and the drive.

A dedicated area was set up on the college premises with proper signage, seating arrangements, and medical facilities to administer vaccines safely. Volunteers assisted in the registration process, verifying eligibility criteria, and ensuring the necessary documentation was complete. Trained medical professionals were present to address any health concerns, monitor recipient's post-vaccination, and provide immediate assistance if needed. NSS volunteers actively participated in various roles, including registration, crowd management, and providing information to recipients. Organized informational sessions to address common concerns and misconceptions about the vaccine, promoting a better understanding among students.

Department of Electronics and Communication Engineering

AICTE Earning of activity point for Award of Degree for students AY:-2020-21

ACTIVITY: Developing Sustainable Water Management system

Sustainable water management (SWM) requires allocating between competing water sector demands, and balancing the financial and social resources required to support necessary water systems. The objective of this review is to assess SWM in three sectors: urban, agricultural, and natural systems.

Sustainable water means a nation that can be water self-sufficient: ensuring there is enough water to meet multiple needs, from agriculture to municipal and industrial. It also means water supply will remain consistent, despite climate change impacts, such as a lack of rainfall and drought, or too much rain and being flood resilient. Sustainable water also means that the economics stack up in matching supply and demand and the water delivery process is as efficient as possible. Water sustainability, meanwhile, can also mean energy neutrality by coupling traditional water treatment technologies with renewable energies. The following report is designed to provide everything you need to know about sustainable water.

Nedeen 25/05/2021

Pravin 25/05/2021

25/05/2021

79

According to the Environmental Protection Agency (EPA) in the US. The Agency said the benefits of considering sustainability during infrastructure planning include:

Optimising environmental, economic, and social benefits by setting goals and selecting projects through a transparent and inclusive process with the community

- Realising consistency across a range of alternatives that address both utility and community goals and
- Enhancing the long-term technical, financial, and managerial capacity of the utility.

Typically, water utilities have a long-term planning horizon and long-term infrastructure operation and maintenance commitments. The costs and potential benefits of investment decisions are realised over a long period of time.

Accordingly, EPA's Sustainability Policy calls on drinking water and wastewater systems to undertake "robust and comprehensive" planning to ensure that water infrastructure investments are cost-effective over their lifecycle, resource efficient, and consistent with other relevant community goals.

Levels of water sustainability will also differ between utilities. Some utilities and communities have been incorporating sustainability considerations into their planning processes but are looking for ways to improve and refine their current efforts. Others may choose to focus on how such considerations can help to cost-effectively meet existing regulatory or service requirements.

Students were able to understand the importance of water management and implemented the idea by planting trees in the premises of a local government school near VKIT.

Kindly find the document attached for Program content.

REPORT ON EDUCATION FOR BRIGHT FUTURE

Date: 30th August 2019

Program: Education for bright future

Venue: Government Primary School, Devagere

No. of students participated: 63

Description:

Raising awareness about education among primary students is crucial for fostering a strong foundation in learning. Creating awareness about education for primary students is essential for laying the groundwork for a lifelong pursuit of knowledge. This involves emphasizing the value of learning, fostering a positive attitude towards education, and encouraging curiosity. By instilling these principles early on, we empower young minds to appreciate the significance of education in shaping their future and contributing to personal and societal growth.

Date: 9th September, 2019

Program: “Beti Bachao, Beti Padhao” program

Venue: Gudimaavu, Kumbalgodu

No. of students participated: 175

Description:

Volunteers from VKIT NSS arranged a powerful awareness campaign in Gudimaavu, Kumbalgodu, emphasizing the vital need of giving girl children a high-quality education. Residents in the area took an active part in the program, attending educational seminars facilitated by committed volunteers. Additionally, posters that were thoughtfully positioned across the neighbourhood reaffirmed important points regarding girls' equal access to school. Through education, the campaign aims to dispel myths and support girls' empowerment. Exuberant community involvement demonstrated the community's openness to the cause, and strategically placed posters greatly aided in the efficient distribution of information. Overall, the VKIT NSS volunteers were effective in communicating to the girl child in Gudimaavu, Kumbalgodu, the importance of empowerment and education.

Academic Year – 2019-20

Date: 27th September 2019

Program: Swachh Bharath Abhiyan

Venue: Devagere cross Bus-Stop

No. of students participated: 125

Objective:

NSS students undertook a community service project focus on cleaning the bus stop at devagere cross and managing the waste. Through coordinated efforts, these volunteers engage in litter clean-up, promote waste segregation, and educate the community about the importance of cleanliness. Leveraging teamwork, they collaborate with local authorities for waste disposal solutions. This initiative not only enhances the appearance of the bus stop but also instils a sense of environmental responsibility among both the NSS participants and the wider community.

REPORT ON ROAD SAFETY PROGRAM

Date: 8th November 2019

Program: Road Safety

Venue: Government High School, Kumbalgodu

No. of students participated: 55

Description:

In order to avoid accidents, road safety must be promoted. Promote safe driving, seat belt use, and avoiding distractions by holding workshops, utilizing social media, and working with educational institutions. Educate communities through campaigns about the value of obeying traffic laws to create a safer driving environment. In the fast-paced world we live in today, road safety is crucial, especially for high school kids who are becoming more and more integrated into the traffic landscape. It is crucial to raise knowledge of road safety among this group in order to foster responsible driving habits and guarantee the safety of young drivers, passengers, and pedestrians. It is imperative that high school curricula incorporate programs for road safety instruction. Include courses on seat belt usage, traffic laws, and the risks associated with distracted driving.

REPORT ON ANTI-TOBACCO PROGRAMME

Date: 20th December 2019

Program: Anti-tobacco programme

Venue: Gollahalli Village

No. of students participated: 115

Description:

Creating a smoke-free society requires educating individuals about the negative impacts of tobacco usage. Anti-tobacco education can greatly reduce tobacco-related harm by highlighting health hazards, societal effects, using customized messages, offering cessation help, and pushing for effective policies. It is our common duty to equip people with the information and tools they need to make wise decisions and, in the end, create a healthy future for future generations.

Date: 24th October, 2018

Program: Cleaning the Temple

Venue: Amrutha Narayanaswamy Temple

No. of students participated: 170

Description:

On 24th October, 2019, Wednesday, the NSS students had undertaken a commendable initiative to enhance the cleanliness and overall environmental hygiene around Amrutha Narayanaswamy Temple. With a shared commitment to community service, the students organized a cleaning drive, diligently clearing debris and ensuring the temple and its surroundings are free from litter. This proactive effort not only contributes to the immediate visual appeal of the sacred site but also promotes a better and cleaner environment for all worshippers and visitors. The dedication of the NSS students reflects their sense of civic responsibility and their desire to foster a positive and pristine atmosphere around this significant cultural and religious landmark.

“CSE HEALTH AND HYGIENE CAMPAIGN”

31st October 2018

A report on Swachh Bharat mission at Government Primary School, Gollahalli, Bengaluru. Swachh Bharat mission runs by ministry of human resource development (HRD) in India. In this series once again Vivekananda Institute of Technology celebrated Swachh Bharat mission in the Government Primary School premises on 31st October 2018 with **Reference no:- VKIT/CSE/Swachh/2018-19/135**

As planned Vice Principal, HOD, faculties and all the students were gathered nearby CSE department to start the event. Students were very much interested and they came with the posters and slogans. That was a very happy and proud movement to see creativity of the students.

Students were divided into teams with faculties for monitoring them. Transportation facility was arranged by the management and journey started from VKIT campus to Government school, Gollahalli. When we reached there, we were welcomed by Head Masters of the school.

Various cleanliness and hygienic aspects were discussed in the assembly by Mr. Lakshmikantha G C, Assistant professor, Department of CSE, he also highlighted the vision of Hon'ble Prime Minister of India about Swachh Bharat Mission. He also explained about Mahatma Gandhiji's dream of clean India. He also told cleanliness is required to live healthy, as Cleanliness is equal to Godliness. All the teaching and non-teaching staff of CSE carried out all the arrangements along with the Coordinators for the smooth conduct of the program.

The school campus was cleaned by the students, the cleaning of polythene bags, collecting dirty materials and fencing around the plant plantation site and the wastage was dispersed in to the dumping yard. The students also cleaned the playground which was partially covered with unnecessary plants.

We returned back to our college with a great satisfaction & Students were instructed to clean their hands at the end. As a refreshment, our department distributed lemon juice to fulfill the thirsty of everyone.

Our heartfelt thanks to JES Management, Principal, Vice Principal, HOD, Faculties, coordinators and all the students for their support in successful conduction of this event.

REPORT ON VISITING THE OLDAGE HOME

Date: 20th February, 2019

Program: Caring old age people

Venue: Sandhya Sanjivini old age Home, Kumbalagodu.

No. of students participated: 82

Description:

The NSS students undertook a commendable initiative by visiting the local old age home, where they dedicated a day to taking care of its residents. The visit aimed not only to provide companionship and support to the elderly but also to create a meaningful connection between the students and the senior citizens. Recognizing the importance of old age parents, the students engaged in various activities, including interactive sessions, games, and assisting with daily chores. This initiative not only demonstrated the students' commitment to community service but also highlighted the significance of valuing and cherishing the elderly, emphasizing the positive impact such initiatives can have on the well-being and dignity of the senior citizens in our community.
