To,
Inchara Caterer
VKIT Canteen
Bengaluru-74

Subject: Enhancing Canteen Services for Students.

I am writing to you on behalf of the College and our student community to discuss the current state and potential improvements in the services provided by our college canteen.

Over the past few months, we have received feedback from several students regarding the variety, quality, and efficiency of the services offered in the canteen. While we appreciate the efforts your team has been putting in to cater the needs of our students and staff, there is a growing concern about certain areas where there could be significant improvements.

1. **Variety of Options:** It has been noted that the variety of food options available is limited. Expanding the menu to include a wider range of healthy and inclusive food choices would be greatly appreciated.

2. **Food Quality and Hygiene:** Ensuring the quality and hygiene of the food served is paramount.

We believe that addressing these issues will not only enhance the overall dining experience for our students but also contribute to a more vibrant and inclusive college environment.

We are looking forward to your cooperation and commitment to making our college canteen a better place for everyone.

To,
Physical Education Director
Vivekananda Institute of Technology, Bengaluru-74

Subject: Increasing Sports Activities for Students after college Hours-Regarding.

I am writing to express the importance of enhancing our college sports programs and increasing the variety and frequency of sports activities available to our students. As you are aware, physical activity plays a crucial role in the overall development and well-being of students. Engaging in sports not only improves physical health but also promotes mental well-being

As we discussed in the meeting you are here by informed to conduct sports activities after college hours up to 6:30pm on all the working days, which is in practice in our institution from several years. And search for expert coach in a particular sports event to appoint on contract basis. Also college provides transportation facilities up to Kengeri for sports students.

Meanwhile you have to submit representation letter for purchasing the sports items for the benefits the students of our college.

We look forward for your attention to this important issue and for your ongoing commitment to the well-being of our students.
