Preparation Method for Examination : Combined Study / Self Study / Both  
Do you communicate well in English ? : Yes / no ( If 'No' How you prepare yourself to improve )  
No. By watching English news or news with subtitles.

No. of Brothers / Sisters & their details

Brothers { Elders 1 Qualification 10<sup>th</sup>  
Younger 1 Qualification 10<sup>th</sup>  
Sisters { Elders \_\_\_\_\_ Qualification \_\_\_\_\_  
Younger \_\_\_\_\_ Qualification \_\_\_\_\_

**Personal details**

Do you move freely with everyone in class ? : Yes  
Personal problems, if any : \_\_\_\_\_  
Health Condition : Good  
Undergoing any Medical Treatment? if so, mention : \_\_\_\_\_  
Other areas of Interest : computer knowledge,  
Hobbies : Listening songs, cooking, Reading Books.  
Are you interested in Sports ? (Specify the name of the sports ) : Yes, Badminton  
Have you won any prizes ? (District / National / International ) : NO  
Mention any of your specific talents : \_\_\_\_\_  
Future Plans & Ambition : To get succeed in life in any way & to make this world to recognize me  
Reason for choosing this Branch & college : I'm too interested in EC and ' Your college helped me to face financial problem.

### Report on

<b>Theme</b>	Carbon Emission calculation for Industries
<b>Title</b>	World Environment day
<b>Mode of Session delivery</b>	Offline
<b>Date</b>	7/6/2024
<b>Time</b>	11 to 1.00 p.m
<b>Duration</b>	2 hours
<b>Faculty Coordinator Name</b>	Pavithra S.
<b>Student Coordinators Name</b>	Govind Naik
<b>Mandatory/Elective</b>	Mandatory
<b>Expert/Speaker Details</b>	Shilpa Venugopal, Senior Engineer, BHEL, Bangalore
<b>Brief about the expert</b>	<p>Bharat Petroleum Corporation Limited – Worked in Process Engineering Department. Associated with revamping of Crude distillation unit - Vacuum distillation column and Atmospheric distillation column, Commissioning of Naphta Hydrotreater and continuous catalytic reformer Unit.</p> <p>BHEL- Electronics Division - Working in HSE department as Environmental officer. Joined in 2019. Majorly involved maintaining</p>

	Environment Management System, ISO 14001, emission and effluent monitoring and GreenCo certification activities
<b>Nc. of students participated</b>	100
<b>Number of Faculty Participants</b>	8
<b>Number of external participants (if any)</b>	Nil
<b>Expenditure</b>	2500
<b>Objective</b>	To create awareness among the students to protect the environment
<b>Benefits in terms of learning/Skill/Knowledge obtained</b>	Students obtained knowledge on Climate change, Global Warming, Carbon emission control techniques, carbon emission calculation of various industries.
<b>Description</b>	<p><b>Highlights:</b></p> <ul style="list-style-type: none"> <li>• Importance of Global Warming, Climate change, Green house effects and its impact were discussed.</li> <li>• Accounting of Greenhouse gases, setting up Organisational boundaries. Consolidation approaches were explained in detail.</li> <li>• Elaborate discussion on scope 1, scope2, scope3 emissions were done.</li> <li>• Emission factors, emission calculation, GHG emission, Net zero emission and approaches toward it were also discussed</li> </ul>

Objective	It is important to explore and understand the full range of options available to an entrepreneur. Luckily, there are still options for funding new companies, but finding and securing the cash will take careful research, good negotiating skills, and, above all, dedicated commitment to launch your business. Angel investment can go beyond the purely financial. The advice and connections that a good angel investor can offer can be equally as valuable. Angel investors are willing to take on a risk of a brand-new start-up.
Description	<p>Venture capitalists aim to invest in early-stage businesses with high growth potential. Traditionally venture capitalists received equity in the business in exchange for funding it. However, these days they typically demand a mixture of equity and debt financing. Source of Funding/ Raising Capital Both long term funds and working capital- is one of the biggest issues and challenges for any start-up looking towards scale, sustainability and success. Depending on the business model and regulatory considerations, choice of entity will play a key role in determining the options of capital available (i.e., grant capital vs. commercial capital), sources of capital available (i.e., domestic capital vs. foreign capital) and manner of engagement with the funders therefore, choice of legal entity should also be made through the lenses of the proposed sources of capital.</p> <p>Venture capital investing is a type of private equity investing that involves investment in a business that requires capital. The business often requires capital for initial setup (or expansion). Venture capital investing may be done at an even earlier stage known as the "idea phase". Venture capitalists provides funds in 3 stages: - seed stage capital ( R &amp;D of new products and services), early stage capital (initial operation and basic production) and later stage production (after business starts revenue).</p>

Objective	IIC Innovation Ambassadors will help MIC & AICTE to strengthen the grassroots innovation ecosystem in the country particularly in Higher Educational Institutions. Spread the message of innovation & start-up among the students and faculties. Innovation, IPR, and Start-ups.
Description	<p>Creating and engaging trained Innovation Ambassadors (IAs) within Institutions of Innovation Council (IIC) involves a well-structured framework that focuses on both the development of the ambassadors and their effective integration into the institution's innovation ecosystem. Guiding Framework for Creating and Engaging Innovation Ambassadors (IAs)</p> <p>1. Identification and Selection</p> <p>Criteria Development: Define clear criteria for selecting IAs, such as leadership qualities, expertise in innovation, and willingness to mentor.</p> <p>Application Process: Implement an application process that includes a written statement of interest and a review of past innovation-related achievements.</p> <p>Diverse Representation: Ensure a diverse group of IAs representing different disciplines, levels (faculty and students), and experiences to foster a broad perspective on innovation.</p> <p>2. Training and Development</p> <p>Initial Training: Provide comprehensive training that covers the basics of innovation management, creativity techniques, and the role of an IA.</p> <p>Advanced Workshops: Offer advanced workshops focusing on specific areas such as grant writing, startup incubation, and technology transfer.</p> <p>Mentorship Program: Pair new IAs with experienced mentors for ongoing guidance and support.</p>

Objective	Strengthening linkages between Innovation and Incubation Centers (IICs), Atal Tinkering Labs (ATLs), and School Innovation Councils (SICs) is crucial for fostering a robust ecosystem of innovation and entrepreneurship in schools. Objective Alignment: IICs: Focus on innovation and entrepreneurship support. ATLs: Promote hands-on STEM education and creative problem-solving. SICs: Foster a culture of innovation within schools.
Description	To strengthen linkages between Innovation and Incubation Centers (IICs), Atal Tinkering Labs (ATLs), and School Innovation Councils (SICs), it's essential to create a synergistic ecosystem that leverages each entity's strengths. The strengthening of Institution Innovation Council (IIC) linkages with Atal Tinkering Labs (ATLs) and School Innovation Councils (SICs) in schools is crucial for fostering a robust innovation ecosystem. IICs play a pivotal role in bridging the gap between higher education and school education by facilitating mentorship and support for students engaged in innovation and research. Innovation ambassadors within IICs provide expert guidance to ATLs and SICs, mentoring students and aiding in their entrepreneurial and innovation-driven activities. During the session Mr. Sahu discussed the Institutional Innovation Council (IIC), which was initiated by the Ministry of Education in 2018 to help educational institutions streamline and strengthen their innovation and startup ecosystems. He said that the IIC aims to have at least 50% of total institutions in India function effectively by 2027, making them central to the national innovation ecosystem. The speaker emphasized the importance of research, innovation, and entrepreneurship in India's education system and the challenges faced by institutions in promoting these areas. He then explained the functioning of the Council. The IIC Network was started to address these challenges and provide a

<b>Objective</b>	The objective is to establish and maintain the YUKTI Innovation and IPR Repository (YIIR) to systematically capture and showcase innovative projects and intellectual property developed within higher education institutions (HEIs). This repository aims to build a robust pipeline of quality innovations and startups by connecting HEIs with ecosystem enablers, ultimately accelerating the commercialization and scaling of innovative solutions.
<b>Description</b>	YUKTI – National Innovation Repository (NIR) is an initiative of the Ministry of Education (MoE) Government of India and it is implemented by MoE's Innovation Cell and AICTE to build a system of repository of ideas, innovations and startups developed in academic institutions and enabling institutions to systematically foster the I&E culture by managing and nurturing these innovations by offering continuous support in terms of one-to-one mentorship, grant assistance, referral and linkage with incubation units, connecting with Angel/Venture Capital (VC) investors network, knowledge agencies, etc. IQAC&IIC of Shri DDVCOP&RC Panvel, Vichumbe in association with Ministry of Education Organized & conducted a MIC driven session on “Building the pipeline of Quality Innovations and startups in HEIs with Ecosystem Enablers by creating and Managing YUKTI Innovation and IPR Repository(YIIR)” on 2nd August 2024.The event was attended by online mode by our staff members and IIC members

**“Lean Start-up & Minimum Viable Product/Business”**

**Thrust Area: “Lean Start-up & Minimum Viable Product/Business”**

<b>Theme</b>	Lean Start-up & Minimum Viable Product/Business
<b>Activity Name</b>	Mentoring Session
<b>Mode of Session delivery</b>	Online
<b>Date and Time</b>	19.08.2024 at 02.00 PM
<b>Faculty Name</b> <b>Coordinator</b>	Kavitha C S
<b>Number of Faculty Participants</b>	20
<b>Number of external participants (if any)</b>	Nil
<b>Number of Students Participants</b>	50

Objective	To develop entrepreneurial skills among students and faculties. To inculcate a culture of innovation-driven entrepreneurship. To promote new technology/ knowledge/ innovation-based start-ups. To build a vibrant start-up ecosystem, by establishing a network between academia, financial institutions, industries, and other institutes.
Benefits in terms of learning/Skill/ Knowledge obtained	<ul style="list-style-type: none"> <li>• Expand Your Entrepreneurial Toolbox</li> <li>• Entrepreneurship Forces You to Continue Learning</li> <li>• Learn Business Skills for Every Aspect of Your Venture</li> <li>• Apply Your Knowledge to Various Roles</li> <li>• Become More Business Agile</li> <li>• Ability to Recognize Opportunity</li> <li>• Solve Daily-life Problems</li> <li>• Leverage Your Creativity.</li> </ul>
Description	Participants can expect to leave the training with an Expand both your entrepreneurial thinking and the skills to bring your best ideas to fruition. Whether your goal is to launch your own venture or apply your skills in a corporation, non-profit or public organization, you'll emerge ready to confidently lead and make a lasting impact.

Objective	The primary objective is to foster innovation, entrepreneurship, and technological advancement among aspiring engineers. Our mission is to provide a dynamic and supportive environment where engineering students can transform their ideas into viable startups and groundbreaking solutions. We aim to achieve this by offering comprehensive resources, including mentorship from industry experts, access to state-of-the-art facilities, funding opportunities, and collaborative networks. By nurturing creativity, enhancing practical skills, and facilitating real-world experience, incubation center seeks to empower students to become successful entrepreneurs, drive technological progress, and contribute to the broader engineering and business communities.
Description	The visit to "Samsung Innovation Centre" highlighted the center's significant role in promoting entrepreneurship and innovation among engineering students. The comprehensive support structure, including advanced facilities, expert mentorship, and funding opportunities, provides a valuable ecosystem for turning engineering ideas into successful ventures. The centre has done various projects on Data Analytics and IOT, which are current trends in the market. The center's commitment to fostering a dynamic and collaborative environment is evident in the achievements of its resident startups and the overall engagement of its participants.

<b>Expert/Speaker Details</b>	Dr. D Ravindran Associate Professor & Convener IIC, School of Management, Kristu Jayanti College, Bengaluru
<b>No. of students participated</b>	90
<b>Number of Faculty Participants</b>	20
<b>Number of external participants (if any)</b>	-Nil-
<b>Objective</b>	<p>A value proposition is a simple statement that summarizes why a customer would choose your product or service. It communicates the clearest benefit that customers receive by giving you their business. Every value proposition should speak to a customer's challenge and make the case for your company as the problem-solver.</p> <p>A great value proposition may highlight what makes you different from competitors, but it should always focus on how customers define your value. Likewise, conversations around brand strategy and taglines should stem from a value proposition, but they aren't one and the same.</p> <p>You may be wondering: Why bother learning how to write a value proposition? It's like investing in the foundation of a house. You may not see the foundation, but everything you do see — and the long-term safety and security of your home — rest on it having a strong place to start from.</p>
<b>Description</b>	<p>The session started with an introduction about the speaker Dr. D Ravidran and his contributions towards technical innovations in the field of management and in implementing business plans. Later the session was handed over to the speaker. The speaker started the session detailing the importance of creativity and uniqueness. He highlighted the importance of bringing the ideas into reality and also the creativity is appreciated when the ideas are executed to become useful to the society taking customer requirements into picture. He stated few examples of companies which failed to satisfy the customer needs, since they were lagging the importance of value proposition fit and business fit. Value proposition should reach customers in such a way that it should convey how unique our product is compared to our fellow competitors. The session was very informative and ended with a vote of thanks.</p>

expert	<p>Ghousia College of Engineering in First Class with Distinction during 2012.</p> <p>-Completed B.E in Mechanical Engineering from East West Institute of Technology, Bengaluru in First Class during 2008.</p> <p>-Completed Diploma in Mechanical Engineering from Ananda Marga Polytechnic, Malur, Kolar District in First Class during 2005.</p> <p>-Worked as Lecturer in Ananda Marga Polytechnic, Malur from 01.08.2008 to 31.07.2010.</p> <p>-Worked as Lecturer in Shirdi Sai Engineering College, Anekal, Bengaluru from 19.07.2012 to 31.07.2015.</p> <p>- Worked as Assistant Professor in Sri Sairam College of Engineering, Anekal, Bengaluru from 01.08.2015 to 06.10.2017. At present, working as Associate Professor &amp; HOD – Department of Mechanical Engineering, Sri Sairam College of Engineering, Anekal, Bengaluru from 07.10.2017 to till date.</p>
No. of students participated	91
Number of Faculty Participants	8
Number of external participants (if any)	Nil
Expenditure	Rs. 3000
<b>Outcome of the Session</b>	
Objective (100 words)	Basically, Prototyping is aims to bring your product idea from mental concept to physical world. The main objectives of this program includes validation of customer demand and save your resources, testing of technical feasibility and set your course, improving product's aesthetics and meeting customers' standards, to showcase to investors during fundraising to gain their support ant to send a sample to a manufacturer and minimize production costs
Benefits interms of learning/Skill/Knowledge obtained. (150 words)	The major outcomes of this program is that the students and staffs have got the idea with respect to model and prototype, the design criteria of the product, production cost estimation, material requirement, manufacturing time, machine requirement and capacity, testing to determine fit and durability and feedback from customers & end-users.
Description	This program has helped our Students & Staffs to scale up their knowledge with respect to Prototype/ Process Design & Development. This program also helped in how the Prototype plays the major role in bringing/manufacturing the actual product into the market.

### Report on Business Model Canvas (BMC)

Theme	Innovation/Startups/Entrepreneurship
Title	Session/ Workshop on Business Model Canvas (BMC)
Mode of Session delivery	Offline
Date	04/09/2024
Time	11:30 AM to 1PM
Duration	1 hr 30 mins
Faculty Coordinator Name	Dr. Vidya A
Student Coordinators Name	Renukaradhya T P

<b>Mandatory/Elective</b>	<b>Mandatory</b>
<b>Expert/Speaker Details</b>	<b>Mr. Suhruth G Ujjni</b>
<b>Brief about the expert</b>	Suhruth G Ujjni, is one of the leading project managers in the country. He is currently working on two major projects: The K-tech Innovation Hub, CIF powered by IKP, and Startup Tumakuru. He works with early stage founders to help them startup and scale their business. His key skills include Startup idealization, valuation, acceleration and fund management. He is a quick decision maker with demonstrated history of fueling startups in the country and beyond.
<b>No. of students participated</b>	<b>90</b>
<b>Number of Faculty Participants</b>	<b>10</b>
<b>Number of external participants (if any)</b>	<b>Nil</b>
<b>Expenditure</b>	<b>Rs. 3000/-</b>
<b>Objective</b>	<p>The key objectives of the session were:</p> <ul style="list-style-type: none"> <li>✓ To provide an understanding of the Business Model Canvas framework.</li> <li>✓ To demonstrate how the BMC can be used to visualize, describe, and modify business models.</li> <li>✓ To encourage students to think critically about different components of a business model.</li> <li>✓ To foster creativity and innovation in developing business ideas.</li> </ul>
<b>Benefits in terms of learning/Skill/Knowledge obtained</b>	The session on the Business Model Canvas was a valuable learning experience for the students and faculty members, equipping them with essential skills for entrepreneurship and business strategy. The success of this session suggests that similar workshops could be beneficial in the future, possibly expanding to cover other aspects of business planning and innovation.

<p><b>Description</b></p>	<p>A Business Model Canvas (BMC) session was conducted for students and faculty members on 04/09/2024 at Vivekananda Institute of Technology, Bangalore-74. The primary objective of the session was to introduce students and faculty members to the concept of the Business Model Canvas and to equip them with practical knowledge on how to use this strategic management tool to develop and analyze business models.</p> <p>The session was organized by Dr. Vidya A, Professor and Head, Department of Computer Science and Engineering, Vivekananda Institute of Technology, targeting students and faculty members from the Department of CSE/ISE/AI &amp; ML with an interest in entrepreneurship, business strategy, and innovation. The session was attended by more than 90 students.</p> <p>The session was divided into the following segments:</p> <p><b>Introduction to Business Model Canvas:</b></p> <p>The facilitator introduced the Business Model Canvas, explaining its origin, purpose, and importance in the business world.</p> <p>An overview of the nine building blocks of the BMC was provided:</p> <ul style="list-style-type: none"> <li>➤ Customer Segments</li> <li>➤ Value Propositions</li> <li>➤ Channels</li> <li>➤ Customer Relationships</li> <li>➤ Revenue Streams</li> <li>➤ Key Resources</li> <li>➤ Key Activities</li> <li>➤ Key Partnerships</li> <li>➤ Cost Structure</li> </ul> <p>Each of the nine components was explained in detail with real-world examples to help students understand their significance and interconnections.</p>

<b>Expert/Speaker Details</b>	Dr. Anuradha Maniyam Principal, Padmashree Institute of Management and Sciences Bengaluru, Karnataka, India
<b>Brief about the expert</b>	Dr. Anuradha Maniyam, presently working as Principal at Padmashree Institute of Management and Sciences Bengaluru, Karnataka, India. She has Secured University 1st rank and received a special prize for the same from the Chancellor of Andhra Pradesh. She is Qualified in GATE and selected as a UGC Junior Research Fellow and Selected as a CISR Senior Research Fellow, DST SERB Fast track Young scientist, DST women scientist. She has secured 2nd Prize for poster presentation in International Symposium on Frontiers in Genetics and Biotechnology – Retrospect & Prospect, Osmania University, Hyderabad. January 08 – 10, 2006. She has been awarded with Best Women Entrepreneur and product with export potential award by Government of Karnataka
<b>No. of students participated</b>	89
<b>Number of Faculty Participants</b>	07
<b>Number of external participants (if any)</b>	Nil
<b>Expenditure</b>	Rs. 3000/-
<b>Objective</b>	The primary objective of the session was to inform and educate participants about the role of accelerators and incubators in nurturing early-stage startups. The session aimed to highlight how these platforms can support students and faculty members who are keen on transforming their innovative ideas into successful ventures.
<b>Benefits in terms of learning/Skill /Knowledge obtained</b>	The session was highly informative and provided a clear understanding of how accelerators and incubators can be pivotal in the journey of early-stage entrepreneurs. The attendees left with a wealth of knowledge on how to leverage these opportunities to advance their entrepreneurial aspirations.
<b>Description</b>	The session on "Accelerators/Incubation - Opportunities for Students & Faculties – Early-Stage Entrepreneurs" was held on 04/09/2024 at VKIT campus. The event was attended by students, faculty members, and early-stage entrepreneurs interested in learning about the opportunities provided by accelerators and incubators.

The speaker shared their insights on the current trends in entrepreneurship and the vital role that accelerators and incubators play in the startup lifecycle.

### Topics Covered

**1. Introduction to Accelerators and Incubators:**

- The session began with an overview of what accelerators and incubators are, their differences, and how they function. The speakers emphasized that these platforms provide mentorship, funding, networking opportunities, and workspace for startups.

**2. Opportunities for Students and Faculty:**

- A significant portion of the session focused on the specific opportunities available for students and faculty members. These included special incubation programs tailored for academic institutions, where students and faculty can access resources to develop their ideas into marketable products or services.

**3. Support for Early-Stage Entrepreneurs:**

- The speakers discussed the support systems available for early-stage entrepreneurs, including seed funding, mentorship from industry experts, and access to potential investors. The session also highlighted success stories of startups that began as university projects and evolved into successful businesses through incubation programs.

**4. Challenges and Solutions:**

- The session also addressed the common challenges faced by early-stage entrepreneurs, such as funding, team building, and market entry. The speakers provided practical advice on how to overcome these challenges with the help of accelerators and incubators.

**5. Case Studies:**

- Real-life case studies of startups that benefited from accelerator and incubation programs were presented. These examples illustrated the journey from ideation to product launch, showing how the right support can lead to success.
