

## DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING

### TECHNICAL PROJECT EXHIBITION – 2025

The Department of Artificial Intelligence and Machine Learning organized a Technical Project Exhibition on 21<sup>st</sup> May 2025 for 8<sup>th</sup> semester students, in collaboration with VKIT- Institution's Innovation Council (IIC) 7.0. The event served as a platform for final-year students to showcase their innovative project work, reflecting their technical expertise and problem- solving abilities acquired throughout the course.

More than 20 project groups participated in the exhibition, presenting a wide range of ideas and solutions spanning various domains such as:

- Machine Learning Applications
- Natural Language Processing
- Computer Vision
- Data Analytics
- AI for Healthcare and Agriculture
- Automation & Robotics

The projects were evaluated by a panel of esteemed faculty members and industry experts. Each team was assessed based on criteria including innovation, technical content, practical application, presentation clarity and teamwork.

The exhibition also attracted enthusiastic participation from faculty, students from other departments and external guests. It served as an interactive forum where students received valuable feedback and suggestions to refine their ideas for real-world deployment or further research.
