

Research Scholars details

SI. No.	Research Scholar	USN	Year of Registration	Registered for	Title of Research work	Status
1.	Bhanuprakash G	00609224005	2009	Part-time	Corrosion studies of Al 7075 alloy reinforced with Zircon, metal matrix composites.	Awarded (2012)
2.	Umadevi . R	1VK15PGJ04	2015	Part time	Fluid flow past & through composite regions.	Completed (Aug-2023)
3.	Gopinath. K. R	1VK15PGJ03	2015	Part time	Fluid flow past through a sphere & cylindrical embedded in a porous media with two external constraints.	Completed (March-2024)
4.	Lakshmikanth. D. B	1VK17PGA01	2017	Part time	Study of Nano fluid through porous media.	Comprehensive Viva-Completed
5.	Thejaswini. R	1VK23PMA03	2023	Part time	Numerical study of fluid flow past & through porous media.	Registered
6.	Harshitha. M . V	1VK20PMA01	2023	Part time	Numerical study of fluid flow past & through a sphere with or without external constraints.	Registered
7.	Manjunath. H	1VK20PMA01	2020	Part time	Flow past & through a different Geometry	Registered
8.	Srivalli. M .R	1VK23PMA02	2023	Part time	Miltigrade method for the solution of Elastohydrodynamic lubrication with contract surface.	Registered
9.	Bhanuprakash G	00609224005	2009	Part-time	Corrosion studies of Al 7075 alloy reinforced with Zircon, metal matrix composites.	Awarded (2012)
10.	Mamatha K S	1VK15PGJ01	2015	Part-time	Synthesis and characterization of transition metal complexes containing N- heterocycles and	Awarded (2022)

					their biological activities.	
11.	Chaithra K	1VK15PGJ02	2015	Part-time	Biological activity of N – heterocycle and their metal complexes	Awarded (2022)
